

# Door Measurements

Most of our doors are custom ordered to size or fireplace model. The measurements need to be “brick to brick” measurements or whatever the fireplace front consists of which also includes rock, tile, granite or marble. If you have a prefabricated fireplace, the model number can be located on the UL Listing tag typically located on the smoke shelf on top front of fireplace or the side panel. Please call us if you have any questions about glass door measurements.

**Measure Left/Right Height & Bottom/Top Width of Fireplace**

\*The narrowest point needs to be notated & measured for height & width\*

Please bring these measurements to:

**Fireplaces Unlimited**
